saving.

STATEMENT OF OBJECTS AND REASONS

One of the important policy measures adopted by the Government to improve the competitive strength of industrial undertakings in the small scale sector, is to reserve selected items for exclusive production by such undertakings. Under this policy, 872 items are presently so reserved. The Government has been making such reservations since 19th February, 1970 through the exercise of powers under section 29B of the Industries (Development and Regulation) Act, 1951 which provides that the Central Government, having regard to the smallness of the number of workers employed or the amount invested in the industrial undertaking or to the desirability of encouraging small undertakings generally or to the stage of development of any scheduled industry, may exempt any undertaking from the operation of all or any of the provisions of the Act.

As there is no specific mention in section 29B of the Act about reservation of items for exclusive production by small scale undertakings, doubts have been raised about the competence of the Government to take such action. With a view to placing the matter beyond doubt, the President has promulgated the Industries (Development and Regulation) Amendment Ordinance, 1984 (No. 1 of 1984) making specific provision in the Industries (Development and Regulation) Act, 1951, empowering the Government to:

- (a) specify the requirements to be complied with by an industrial undertaking to enable it to be regarded as an ancillary or a small scale industrial undertaking;
- (b) make reservation of any article or class of articles for exclusive production by an ancillary or small scale industrial undertaking;
- (c) fix the productive capacity of large and medium scale units, already producing such reserved items on the date of reservation; and
- (d) provide for all other matters incidental thereto.

The Bill seeks to replace the said Ordinance.

No financial commitment or expenditure from the Consolidated Fund of India is likely to be involved if the proposed Bill is enacted.

The notifications whereby small scale or ancillary industrial undertakings were defined and the notifications whereby articles were reserved for production by small scale or ancillary industrial undertakings, which are proposed to be validated by the Bill, are being laid on the Table of each House of Parliament.

New Delhi;

NARAYAN DATT TIWARI.

The 5th February, 1984.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 3 of the Bill seeks to insert new section 11B in the Industries (Development and Regulation) Act, 1951. Sub-section (1) of that section empowers the Central Government to specify, by notified order, the requirements which shall be complied with by an industrial undertaking in order to be regarded as an ancillary, or small scale, industrial undertaking, and sub-section (2) thereof empowers the Central Government to prescribe by rules such other relevant factors which have to be taken into consideration in specifying the requirements aforesaid.

Sub-section (3) of the said section 11B provides that the draft of the notified order proposed to be made under sub-section (1) shall be laid before each House of Parliament for thirty days and such notified order shall not be made if it is disapproved by both Houses of Parliament or if it is modified by both Houses of Parliament, it shall be made only in such modified form.

Clause 5 of the Bill seeks to insert new sub-sections (2A) to (2H) in section 29B, of which—

(i) sub-section (2A) empowers the Central Government to direct, by notified order, that any article or class of articles specified in the First Schedule may be reserved for exclusive production by the ancillary, or small scale, industrial undertakings,

(ii) sub-section (2D) empowers the Central Government to specify, by notified order, the conditions subject to which the reserved articles shall be produced by large scale industrial undertakings which are already producing such reserved articles or have taken effective steps for the production of such reserved articles,

(iii) sub-section (2F) empowers the Central Government to specify, by notified order, the period within which every industrial undertaking which is registered under section 10, or to which a licence or permission has been granted under section 11 for the production of any articles which has subsequently been reserved for production by ancillary or small scale industrial undertakings, to produce such registration certificate, licence or permission to enable the Central Government to enter therein all or any of the conditions, specified by it under sub-section (2D), and the productive capacity or other prescribed particulars.

The matters in relation to which the legislative power has been so delegated, are matters of detail. The delegation of legislative power is, therefore, of a normal character.

SUBHASH C. KASHYAP,
Secretary-General.
